*Caring for Wisconsin*

# PERSONAL. LOCAL. LOYAL.

We provide compassionate care and service to meet the needs of those who depend on us. Whether your stay with us is short-term or long-term, we are committed to providing you a personalized experience with quality care and comfortable accommodations.

## SKILLED NURSING CENTERS

Receive quality care by skilled nurses 24/7. We collaborate with your physician to provide you with care tailored to your needs, abilities, and preferences. With a focus on prevention and education, our skilled nursing services may include:

- All Types of Catheter & Colostomy Care
- Bowel & Bladder Incontinence Care
- Complex Wound Care
- Diabetic Teaching and Management
- Enteral Feedings
- Infectious Disease Management
- Intravenous Therapy
- Medication Administration & Management
- Neurological Care
- Pain Management
- Post-Dialysis Care
- Post-Surgical Care
- Tracheostomy Care

## Short-Term Rehabilitation

Whether you need therapy after surgery, injury, or illness, you can rely on our therapists to help you regain your strength and perform at your optimal level. We employ our own therapists, and they will help you achieve your inpatient or outpatient therapy goals.

### Physical Therapy

Improve your balance, movement, and mobility.

### Occupational Therapy

Increase your ease with everyday activities.

### Speech Therapy

Improve your memory, communication, cognition, and ability to swallow.

### Outpatient Therapy

Recover in your own home with our therapy services.

Joint Replacements

Fractures

Stroke

Balance Disorders

Weakness

Heart Conditions

Parkinson's

Neurologic Disease

Lymphedema

CHF & COPD

Chronic Pain

And More

## Ventilator Care

Providing extensive respiratory care. The Dove Healthcare - Regional Vent Center team includes ventilator certified nursing employees, respiratory therapists, and weekly rounds by a board-certified pulmonologist and nurse practitioner. Supported by a high staff ratio and innovative technology, we have a strong history of weaning patients from ventilators.

## Long-Term Care

Receive skilled, personal care from nurses who support dignity and choice. You'll enjoy nutritious food, engaging activities, fellowship, and an array of services and amenities. As a long-term care resident, our rehabilitation and restorative services are available to you as well.

## End-of-Life Care

Rest assured your loved one receives comfort, support, and compassionate care during their final days. Focusing on caring, not curing, we treat the person rather than the disease.

## ASSISTED LIVING RESIDENCES

Enjoy support and your independence. A safe, comfortable step between independent living and a skilled nursing center, our assisted living services provide help with every day activities. With access to caregivers 24 hours a day, they are available when needed to assist you with personal cares, medication management and administration, nutritious meals, social activities, housekeeping, and laundry. Nursing and rehabilitation services are also available to those in need, and we work with the pharmacy and your physician to ensure accurate delivery of care.

## MEMORY CARE RESIDENCES

Gain peace of mind with memory care options. Available at assisted living and skilled nursing locations, we are committed to accommodating the unique and ever changing needs of our residents living with dementia. Self-fulfillment is encouraged through meaningful activities and our compassionate caregivers receive on-going training and education about dementia.

## INDEPENDENT LIVING APARTMENTS

Independent apartments may be a perfect fit if you are not ready for assisted living services, but would like to move into a senior friendly apartment. You'll appreciate knowing friends are nearby and full-time management. Apartments are located near our skilled nursing centers, assuring short-term rehabilitation and long-term care are just a step away if needed.
